DAI RESIDUI INDUSTRIALI AL VALORE CIRCOLARE

We hereby certify that the company Omnisyst S.p.A., as part of the ESG Value initiative, has neutralised for the year 2024 # 0,80072 tonnes of CO2 relating to the advanced industrial waste management of MELCHIONI SPA, production site STRADA PROVINCIALE 23, 6 Borghetto Lodigiano (LO)

This neutralisation took place through the purchase and withdrawal of CO2 credits belonging to the VCS standard (Verified Carbon Standard).

The credits come from a hydroelectric power project in India.
